24-hour control centre with live response coordination

04

A proven track record

A proven track record in enhancing security posture and operational compliance

Our Products & Services

SicherKonsult offers a full spectrum of integrated security and investigative services.

SURVEILLANCE & MONITORING

Real-time site monitoring using drones and high-definition cameras for full visibility and rapid threat detection.

CORPORATE INVESTIGATIONS

We uncover internal risks and non-compliance through surveillance review and behavioural analysis.

24/7 CONTROL & RESPONSE

Our control room operates non-stop, dispatching Tactical Teams swiftly when incidents occur.

RISK ANALYSIS & REPORTING

Intelligence-led data helps identify threats early and guide smarter, proactive security decisions.
